

Kubota Dealer Analytics (KDA): This program allows you to manually export your Trial Balance reports directly to Kubota. You can also use it to review the Trial Balances you have already exported.
NOTE: This program is only available to **U.S. Kubota** dealers.

Select Month and Year: 03/2021 Submit Data

Dealer: This field now shows your saved dealer number.

Select Month and Year: Select the month/year of the Trial Balance you want to submit to Kubota. The field defaults to the last Trial Balance run, which if you are correctly performing your G/L Month End processes will belong to the month before the current month (for example, if it is currently April, then the last TB available will be from March). **NOTE:** Your Trial Balance must be **in balance** in order for you to submit it to Kubota—you will receive an error message if you try to submit an out-of-balance report.

Submit Data: Click this button to submit the Trial Balance from the selected month to Kubota. You will receive a success message if the submission is successful, or an error message if something has gone wrong and the report was not submitted.

View History: After you have successfully submitted your Trial Balance, the submission will be recorded in the View History tab. Click on the tab to view a list of all your prior Trial Balance submissions to Kubota:

Dealer Number	Line Count	Submission Date	As of Date
12345678	264	02/24/2021 12:00 am	12/31/2020
12345678	258	04/07/2021 12:00 am	11/30/2020
12345678	280	04/07/2021 12:00 am	12/31/2019

For each submission, the screen shows:

- The number of lines/account entries on the Trial Balance
- The date and time of the submission
- The date of the Trial Balance itself (when it was run as part of a Month End)
